

2024 Arrive Alive Campaign Overview

Slow Down. Buckle Up. No Distractions.

Arrive Alive is a peer-to-peer campaign to establish safe driving and passenger behaviors among teens and youth during the high-risk warm weather months. According to statistics, the months between May and September are the most dangerous for young drivers. During this time teens tend to engage in more risky driving behaviors, putting them at risk to be involved in a traffic crash. *Arrive Alive* addresses the seriousness of these high-risk behaviors and emphasizes the importance of seat belt use among all youth and teens.

High School Focus: To address the seriousness of speeding among teens and focus peer-to-peer programs on preventing this risky behavior among young drivers. The campaign also emphasizes the importance of seat belt use, driving distraction-free, and preventing other risky behaviors common in warm weather months, such as cruising, driving with too many passengers, staying out past curfew, drowsy driving, and alcohol/drug use.
